# Fire Prevention

## Campfires

- **ONLY** light a campfire when the Fire Danger rating is **LOW** or **MODERATE\***
- When allowed, fires may be started no earlier than 6pm and must be extinguished before 2am
- All outdoor fires **MUST** be under the care & control of a competent person at all times
- All fires must have adequate control immediately available (i.e a bucket of sand / water or a hose)

## Fireworks

- Fireworks are **ONLY** allowed on Victoria Day, Canada Day (July 1st) and Independence Day (July 4th), and the one day immediately preceding or following these holidays
- If Fire Danger Rating is "**High**" or "**Extreme**" **FIREWORKS ARE NOT ALLOWED\***
- All Fireworks displays **MUST** be under the care & control of a competent person and suitable fire extinguishing equipment must be available
- Firecrackers and Sky Lanterns are banned within the Township of the Archipelago

\*To report open burning or fireworks at improper times, contact the **By-Law officer (705-774-3630)** and let them know the municipal address or location so they can respond

# Fire Response

## Call 9-1-1

- For a building fire or if your cottage is threatened by a forest fire, call 911 and provide the municipal address closest to the fire (consult your Crane Lake Map for the address if the fire is not on your property)
- Fire Fighters from Seguin Township **will arrive by water**. If available volunteers on Crane may arrive too.

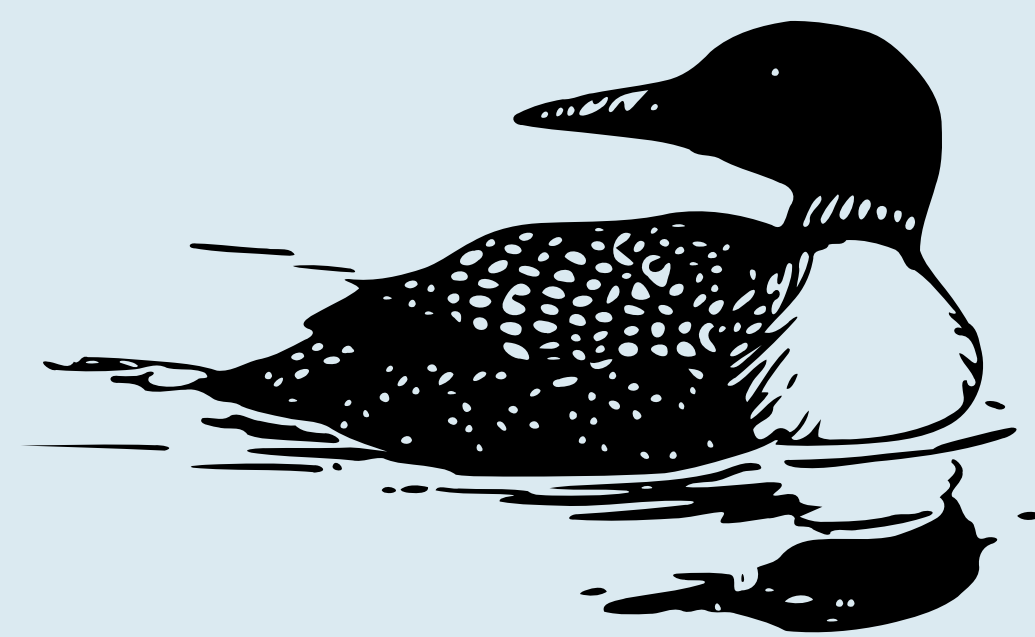

## Fire Pumps & AED

- Check your Crane Lake Map and familiarize yourself with the 5 locations around the lake that have a Fire Pump and an AED
- The Crane Lake Fire Boat at the Marina has an AED and a heavy duty Fire Pump. At least 3 people are required to operate the Fire Pump on the boat and use the hose(s)

## Your Address:

**Water safety is important for all of us to continue to enjoy the lake. To protect the environment and stay safe check out the tips below:**

## **Water Safety Do's**

- **Practice safe boating by respecting all neighbours and the environment**
- **When travelling within 30 metres (99 feet) of the shoreline, keep your speed to under 10 km/hr while driving your boat**
- **Look for environmentally safe soaps and cleaning products to use inside as they eventually make their way back to the lake**
- **Rinse your boat whenever you trailer it to or from another body of water to reduce the chance of importing invasive species**

## **Water Safety Don'ts**

- **Don't fertilize your plants or lawn at the cottage**
- **Don't use soaps, shampoos, or conditioners in the lake, even if marketed as safe to do so; they are not**
- **Don't use chemicals to wash your boat while in the water. Trailer it to land away from the water to clean it**
- **Don't allow any gas to spill into the lake while refueling boats and watercraft**
